

# Choir

**Iona Choir** continues to seek new or previous members. If you can sing but can't read music, don't worry. A good number of us when we started couldn't read music. Our Wednesday evening practices are educational as well as creative and all is not hard work. We also have fun. Where would our worship be without music? We really need the support of the whole congregation in order to make our worship a meaningful experience. We ask your prayers for our continuation and also your consideration in possibly joining us on Wednesday evenings at 7:00 pm.
