Creating community for new Canadians

Life in Christ Ministry provides support and assistance for Arabic and Farsi speaking refugees living in the Greater Toronto Area. Each year, the ministry offers a New Beginnings Training Program that provides practical workshops aimed at helping refugees adapt to local Canadian communities, including learning English and developing other life skills. By offering games and activities for children at the same time as adult workshops, the program responds to the need for parents to attend programs with their children.

In addition, the program provides meaningful job opportunities for students and volunteers.
