Mission Staff

Stephanie Chunoo Hungary

Mission in Action

The PCC supported Stephanie Chunoo as she served as a Young Adult Intern with Kalunba Social Services, a refugee ministry of the Reformed Church of Hungary. Stephanie worked in Hungary from October 2018 to September 2019.

Extending Hospitality

As someone who understands the challenges facing immigrants and refugees, Stephanie is passionate about the issues affecting them.

When asked to describe her understanding of mission, Stephanie says, "Whenever I hear the word 'mission' I always think of these song lyrics: Reflect his image and show the world that he cares. So, when I think of mission, I think of God's people helping those who are in need." Her work includes tutoring students, accompanying newcomers to appointments and organizing events.

Together with other dedicated staff and volunteers at Kalunba, Stephanie put into action God's call to welcome the stranger.

A Passion for Positive Change

Stephanie graduated from York University with an Honours Bachelor of Arts in International Communications and a Certificate in Refugee and Migration Studies at York University.

Stephanie is an active member of Leaside Presbyterian Church in Toronto, Ontario, where she has been sharing her gift of teaching since 2010. Her other passion is photography.
