

THE SECOND GROUP OF BENEFICIARIES

AHSANTE SANA

On Behalf of the kids, the school community, parents and guardians of the beneficiaries, I take this opportunity to say thank you so much for your kind donation. The impact of your kindness is life changing to the community

Overview

Having had a phone call with the School Headmistress, the most vulnerable kids were identified as the primary beneficiaries. A tailor within the community was sourced and the work began. Shoes and socks were however bought from a retail store at the nearest shopping centre.

Goals Achieved

Through this project, kids have been empowered to learn as well as reduce the number of orphaned and destitute children not going to school because of poverty
